

Editorial

Acknowledgement to Reviewers of *Sensors* in 2019

Sensors Editorial Office

MDPI AG, St. Alban-Anlage 66, 4052 Basel, Switzerland

Published: 20 January 2020

Peer review is an essential part in the publication process, ensuring that *Sensors* maintains high quality standards for its published papers. In 2019, a total of 5658 papers were published in the journal. Thanks to the cooperation of our reviewers, the median time to first decision was 17 days and the median time to publication was 43 days. Among the reviewers who reviewed for *Sensors* in 2019, the following five have been selected to receive the “*Sensors* 2019 Outstanding Reviewer Award” for the timeliness and quality of their review reports in 2019:

Curiac, Daniel-Ioan from Politehnica University of Timisoara, Romania
Esposito, Flavio from University of Naples “Parthenope”, Italy
Herrera-May, Agustin L. from Universidad Veracruzana, Mexico
Moh, Sangman from Chosun University, Korea
Tsiropoulou, Eirini Eleni from University of New Mexico, USA

The editors also express their sincere gratitude to all of the following, who shared their time and expert opinion by reviewing for *Sensors* in 2019:

Aaen-Stockdale, Craig	Abdelaziz Kerrache, Chaker
Aazam, Mohammad	Abdeljaber, Osama
