Author Correction: Global vulnerability of marine mammals to global warming

Camille Albouy, Valentine Delattre, Giulia Donati, Thomas L. Frölicher, Severine Albouy-Boyer, Marta Rufino, Loïc Pellissier, David Mouillot & Fabien Leprieur

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-019-57280-3>, published online 17 January 2020

This Article contains errors in the legend of Figure 2.

In section (b):

“Each bubble is proportional to the level of functional originality (i.e., the measure of the extent to which a given species is functionally unique among the global marine mammal fauna).”

should read:

“Each bubble is proportional to the level of evolutionary distinctiveness (i.e., which represents the relative contribution of a species to the evolutionary history of the global marine mammal fauna).”

Additionally, in section (c):

“Each bubble is proportional to the level of evolutionary distinctiveness (i.e., which represents the relative contribution of a species to the evolutionary history of the global marine mammal fauna).”

should read:

“Each bubble is proportional to the level of functional originality (i.e., the measure of the extent to which a given species is functionally unique among the global marine mammal fauna).”
