The authors wish to make a change to the published paper [1]. In the original manuscript, there are mistakes in the headers of columns six and seven in Table 1. The corrected Table 1 is presented below.

**Table 1.** Accuracy, precision, limit of detection and limit of quantification of colistin A, colistin B and polymyxin B from different kinds of water samples spiked with the mixture of target analytes (10 µg L<sup>-1</sup> for each) after MISPE treatment.
