## NEUROSCIENCE

Correction for “Influence of spatially segregated IP<sub>3</sub>-producing pathways on spike generation and transmitter release in Purkinje cell axons,” by Laura C. Gomez, Shin-ya Kawaguchi, Thibault Collin, Abdelali Jalil, Maria del Pilar Gomez, Enrico Nasi, Alain Marty, and Isabel Llano, which was first published May 1, 2020; 10.1073/pnas.2000148117 (*Proc. Natl. Acad. Sci. U.S.A.* **117**, 11097–11108).

The authors note that the complete name for the compound MRS 2365 appeared incorrectly. On page 11107, right column, first full paragraph, lines 6–9, the complete name for MRS 2365 should instead appear as “[[(1*R*,2*R*,3*S*,4*R*,5*S*)-4-[6-amino-2-(methylthio)-9*H*-purin-9-yl]-2,3-dihydroxybicyclo[3.1.0]hex-1-yl] methyl] diphosphoric acid mono este trisodium salt.”
