

Erratum: Depression symptoms as mediators of inequalities in self-reported health: the case of Southern European elderly

T. Leão, J. Perelman

J Public Health (Oxf) 2017; doi: 10.1093/pubmed/fdx173

There was an error in Table 2. The correct table is shown below:

Table 2 Association between education level, gender, age and poor SRH, progressively adjusted for chronic diseases, functional limitations, depression symptoms, and interaction between depression symptoms, chronic diseases and functional limitations

	Wave 4—2011				Wave 6—2015
