

Correction

ANTHROPOLOGY, CHEMISTRY

Correction for “Securing timelines in the ancient Mediterranean using multiproxy annual tree-ring data,” by Charlotte Pearson, Matthew Salzer, Lukas Wacker, Peter Brewer, Adam Sookdeo, and Peter Kuniholm, which was first published March 30, 2020; 10.1073/pnas.1917445117 (*Proc. Natl. Acad. Sci. U.S.A.* **117**, 8410–8415).

The authors note that an earlier version of the wigglematch made prior to the completion of all of the ^{14}C measurements reported in the *SI Appendix* was used and did not include all of the data that was eventually published. As a result, on page 8412, right column, line 5, “an 8-year range: 758 to 751 BC at 95.4% confidence level” should instead appear as “a 4-year range: 760 to 756 BC at 95.4% confidence level.” In the *SI Appendix*, Figs. S1 and S2 and their corresponding legends have been updated to increase the transparency of the authors’ process.

The authors also note a typographical error on page 8414. In the left column, first paragraph, line 4, “1558 BC” should instead appear as “1548 BC.”

These errors do not affect the conclusions of the article.
