

CORRECTION

Correction to: MG53 Protein Protects Aortic Valve Interstitial Cells From Membrane Injury and Fibrocalcific Remodeling

In the article by Adesanya et al, “MG53 Protein Protects Aortic Valve Interstitial Cells From Membrane Injury and Fibrocalcific Remodeling,” which published on February 11, 2019, and appeared in the February 19, 2019 issue of the Journal (J Am Heart Assoc. 2019;8:e009960. DOI: 10.1161/jaha.118.009960.), a correction was needed.

In their Sources of Funding statement, the authors mistakenly did not list a grant awarded to Dr Ma by the National Institutes of Health (HL138570). This grant has now been added to the Sources of Funding statement.

The authors regret the error.

The correction has been made to the current online version of the article, which is available at: <https://www.ahajournals.org/doi/full/10.1161/JAHA.118.009960>
