Paradoxical Role for Wild-Type p53 in Driving Therapy Resistance in Melanoma

Marie R. Webster^{*}, Mitchell E. Fane, Gretchen M. Alicea, Subhasree Basu, Andrew V. Kossenkov, Gloria E. Marino, Stephen M. Douglass, Amanpreet Kaur, Brett L. Ecker, Keerthana Gnanapradeepan, Abibatou Ndoye, Curtis Kugel, Alexander Valiga, Jessica Palmer, Qin Liu, Xiaowei Xu, Jessicamarie Morris, Xiangfan Yin, Hong Wu, Wei Xu, Cathy Zheng, Giorgos C. Karakousis, Ravi K. Amaravadi, Tara C. Mitchell, Filipe V. Almeida, Min Xiao, Vito W. Rebecca, Ying-Jie Wang, Lynn M. Schuchter, Meenhard Herlyn, Maureen E. Murphy, Ashani T. Weeraratna^{*}

Due to a miscommunication, the name Tara Miller was inadvertently added to the author list. This has since been amended, and the name now appears correctly online and in print as part of an affiliation, the Tara Miller Melanoma Center at the Abramson Cancer Center, University of Pennsylvania, Philadelphia, PA, USA. The authors regret this error.
