# Correction to 'Perfect mimicry between *Heliconius* butterflies is constrained by genetics and development'

Steven M. Van Belleghem, Paola A. Alicea Roman, Heriberto Carbia Gutierrez, Brian A. Counterman and Riccardo Papa

 SMVB, 0000-0001-9399-1007; PAAR, 0000-0002-2516-1893; HCG, 0000-0002-2415-646X; BAC, 0000-0003-2724-071X; RP, 0000-0002-7986-9993

*Proc. R. Soc. B* **287**, 20201267. (Published 22 July 2020) (doi:10.1098/rspb.2020.1267)

In the original version of figure 2, panel (c) previously displayed a *H. e. demophoon* WntA CRISPR KO phenotype where a *H. m. rosina* wild-type should have been. This has now been corrected.
