Author Correction: Integrated nano-optomechanical displacement sensor with ultrawide optical bandwidth

Tianran Liu , Francesco Pagliano, René van Veldhoven, Vadim Pogoretskiy, Yuqing Jiao & Andrea Fiore

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-16269-7>, published online 15 May 2020.

The original version of this Article contained an error in the Discussion, which incorrectly read ‘In summary, we have demonstrated an integrated optomechanical displacement sensor featuring $30 \text{ fm}\cdot\text{Hz}^{-1/2}$ imprecision’. The correct version states ‘45’ in place of ‘30’. This has been corrected in both the PDF and HTML versions of the Article.
