Correction to: *Bone Research* <https://doi.org/10.1038/s41413-020-0084-5>, published online 14 February 2020

During a re-read of our article¹ previously published in *Bone Research*, we regrettably found a omitting in the acknowledgement section relating to the supporting foundation.

That work was also supported by the Key Laboratory of Trauma & Neural Regeneration (Peking University), Chinese Ministry of Education (Number: BMU2019XY007-01); and Major R&D Program of Chinese National Ministry of Science and Technology (2018YFB1105504).

ACKNOWLEDGEMENTS

We thank all the SARS patients for their commitment to this study and all other staff members for their contributions, especially the Department of Personnel Division of Peking University People's Hospital. We thank Clare Cox, Ph.D., from Liwen Bianji, Edanz Editing China (www.liwenbianji.cn/ac) for editing the English text of a draft of this manuscript. This work was supported by Innovation Team of the Ministry of Education (IRT1601), the National Key Research and Development Programme of China (2016YFC0903800), the National Natural Science Foundation (31771322, 31571235), Fostering Young Scholars of Peking University Health Science Center (BMU2017PY013), Beijing Science & Technology New Star Cross Project (201819), the

Key Laboratory of Trauma & Neural Regeneration (Peking University), Chinese Ministry of Education (Number: BMU2019XY007-01); and Major R&D Program of Chinese National Ministry of Science and Technology (2018YFB1105504).
