The potential of electrocardiography for cardiac risk prediction in chronic and end-stage kidney disease, *Nephrol Dial Transplant* 2018; gfy255. doi: 10.1093/ndt/gfy255

In figure 1 of the original article, the arrow indicating the QT interval erroneously did not reach the dotted line denoting the Q wave, thus leading to potential confusion. This has now been corrected in the online version and also appears below.

Grip strength modifies the association between estimated glomerular filtration rate and all-cause mortality, *Nephrol Dial Transplant* 2019; gfz140. doi: 10.1093/ndt/gfz140

In the original article, there were errors in Table 1. The number for the row 'Ages (years), mean (SD)' and the column 'Highest third' was incorrect and the number for the row 'Ethnicity, Other' and the column 'Highest third' was missing. These have now been corrected.
