# Correction to: VEGF-C and Mortality in Patients With Suspected or Known Coronary Artery Disease

In the article by Wada et al, “VEGF-C and Mortality in Patients With Suspected or Known Coronary Artery Disease,” which published online October 25, 2018, and appeared in the November 6, 2018 issue of the journal (*J Am Heart Assoc.* 2018;7:e010355. DOI: 10.1161/JAHA.118.010355.), corrections were needed.

In Table S1, the values for Dialysis have been changed as follows:

- Overall, the value 72 (3.0) has been changed to 80 (3.3)
- Quartile 1, the value 44 (7.3) has been changed to 56 (9.3)
- Quartile 2, the value 16 (2.6) has been changed to 19 (3.1)
- Quartile 3, the value 8 (1.3) has been changed to 2 (0.3)
- Quartile 4, the value 4 (0.7) has been changed to 3 (0.5)

The authors regret the errors.
