Correction to "Structure of the Complex of an Iminopyridinedione Protein Tyrosine Phosphatase 4A3 Phosphatase Inhibitor with Human Serum Albumin"

In the above article [Czub MP, Boulton AM, Rastelli EJ, Tasker NR, Maskrey TS, Blanco IK, McQueeney KE, Bushweller JH, Minor W, Wipf P, Sharlow ER, and Lazo JS (2020) *Mol Pharmacol*, **98:** 648-657; DOI: https://doi.org/10.1124/molpharm.120.000131], the first display equation on page 651 contained errors and was placed incorrectly in the layout. The corrected equation is:

$$W = \left\{ \left(\frac{[\text{JMS-053}]}{[\text{serum albumin}]} + \frac{K_D}{[\text{serum albumin}]} + 1 \right) - \sqrt{ \left(\frac{[\text{JMS-053}]}{[\text{serum albumin}]} + \frac{K_D}{[\text{serum albumin}]} + 1 \right)^2 - 4 \left(\frac{[\text{JMS-053}]}{[\text{serum albumin}]} \right) } \right\} \Big/ 2$$

The HTML and PDF versions of the article have been corrected.

The compositor apologizes for any inconvenience caused by the errors.
