Page 608, 4 Discussion, right column, second paragraph:
The sentence, which previously read:

“Equivalence in clinical efficacy of ABP 798 with respect to rituximab RP in patients with CD20-positive B cell NHL was further supported by the results of efficacy assessment at week 12, with a two-sided 90% CI (– 0.3 to 11.2%)”.

should read:
