

## Erratum regarding missing Declaration of Competing Interest statements in previously published articles

Declaration of Competing Interest statements were not included in the published version of the following articles that appeared in previous issues of Preventive Medicine Reports.

The appropriate Declaration/Competing Interest statements, provided by the Authors, are included below.

1. "Neighborhood socioeconomic characteristics, healthcare spatial access, and emergency department visits for ambulatory care sensitive conditions for elderly" [Preventive Medicine Reports, 2018; 12: 101-105] <https://doi.org/10.1016/j.pmedr.2018.08.015>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
2. "A pilot investigation of food insecurity among children seen in an outpatient pediatric nephrology clinic" [Preventive Medicine Reports, 2018; 10: 113-116] <https://doi.org/10.1016/j.pmedr.2018.02.019>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
3. "Utilizing wearable technology to increase physical activity in future physicians: A randomized trial" [Preventive Medicine Reports, 2018; 12: 122-127] <https://doi.org/10.1016/j.pmedr.2018.09.004>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
4. "Family food purchases of high- and low-calorie foods in full-service supermarkets and other food retailers by Black women in an urban US setting" [Preventive Medicine Reports, 2018; 13: 136-143] <https://doi.org/10.1016/j.pmedr.2018.02.018>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
5. "Environment perception and leisure-time physical activity in Portuguese high school students" [Preventive Medicine Reports, 2018; 10: 221-226] <https://doi.org/10.1016/j.pmedr.2017.10.013>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
6. "A learning community approach to identifying interventions in health systems to reduce colorectal cancer screening disparities" [Preventive Medicine Reports, 2018; 12: 227-232] <https://doi.org/10.1016/j.pmedr.2018.10.009>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
7. "Smoking cessation patterns by socioeconomic status in Alaska" [Preventive Medicine Reports, 2018; 10: 24-28] <https://doi.org/10.1016/j.pmedr.2018.01.007>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
8. "Stress, adherence, and blood pressure control: A baseline examination of Black women with hypertension participating in the SisterTalk II intervention" [Preventive Medicine Reports, 2018; 12: 25-32] <https://doi.org/10.1016/j.pmedr.2018.08.002>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
9. "Centralization of mammography reporting with mobile trucks: Turkish experience" [Preventive Medicine Reports, 2018; 10: 317-322] <https://doi.org/10.1016/j.pmedr.2018.04.008>  
Declaration of competing interest: The authors report no conflict of interest.
10. "Comprehensive evaluation of male health in four communities in rural Honduras" [Preventive Medicine Reports, 2018; 12: 46-53] <https://doi.org/10.1016/j.pmedr.2018.08.009>  
Declaration of competing interest: We have no conflicts of interest to disclose.
11. "Migraine-preventive prescription patterns by physician specialty in ambulatory care settings in the United States" [Preventive Medicine Reports, 2018; 9: 62-67] <https://doi.org/10.1016/j.pmedr.2017.12.009>  
Declaration of competing interest: Conflict of interest None.
12. "Intention to quit smoking and polytobacco use among college student smokers" [Preventive Medicine Reports, 2018; 10: 72-75] <https://doi.org/10.1016/j.pmedr.2018.02.006>  
Declaration of competing interest: The authors have no conflicts of interest to disclose
