Erratum

Erratum regarding missing Declaration of Competing Interest statements in previously published articles

Declaration of Competing Interest statements were not included in published version of the following articles that appeared in previous issues of Journal of Clinical & Translational Endocrinology. Hence, the authors of the below articles were contacted after publication to request a Declaration of Interest statement:

- 1) A high ankle-brachial index is associated with obesity and low serum 25-hydroxyvitamin D in patients with diabetes [Journal of Clinical & Translational Endocrinology, 2018; 11C: 141] <https://doi.org/10.1016/j.jcte.2018.02.001>

The authors were contacted after publication to request a Declaration of Interest statement.

- 2) Improvement of glycemic control by treatment for insomnia with suvorexant in type 2 diabetes mellitus [Journal of Clinical & Translational Endocrinology, 2018; 15C: 177] <https://doi.org/10.1016/j.jcte.2018.12.006>

The authors were contacted after publication to request a Declaration of Interest statement.

- 3) Chemokines in hyperthyroidism [Journal of Clinical & Translational Endocrinology, 2018; 16C: 100196] <https://doi.org/10.1016/j.jcte.2019.100196>

The authors were contacted after publication to request a Declaration of Interest statement.

- 4) Relatively high rate of postpartum thyroiditis in the Straits of Messina area. Predictivity of both postpartum thyroiditis and permanent hypothyroidism by performing, in the first trimester of gestation, thyroid ultrasonography and measurement of serum thyroperoxidase and thyroglobulin autoantibodies [Journal of Clinical & Translational Endocrinology, 2018; 15C: 169] <https://doi.org/10.1016/j.jcte.2018.11.004>

The authors were contacted after publication to request a Declaration of Interest statement.

- 5) Implementation and challenges unique to teleretinal diabetic retinal screening (TDRS) in a private practice setting in the United States [Journal of Clinical & Translational Endocrinology, 2018; 19C: 100214] <https://doi.org/10.1016/j.jcte.2019.100214>

The authors were contacted after publication to request a Declaration of Interest statement.

- 6) Hyperthyroidism in the pregnant woman: Maternal and fetal aspects [Journal of Clinical & Translational Endocrinology, 2018; 16C: 100190] <https://doi.org/10.1016/j.jcte.2019.100190>

The authors were contacted after publication to request a Declaration of Interest statement.
