

Erratum regarding missing Declaration of Competing Interest statements in previously published articles

Declaration of Competing Interest statements were not included in the published version of the following articles that appeared in previous issues of Parasite Epidemiology and Control.

The appropriate Declaration/Competing Interest statements, provided by the Authors, are included below.

1. "Interactions between climatic changes and intervention effects on malaria spatio-temporal dynamics in Uganda" [Parasite Epidemiology and Control, Volume 3, Issue 3, August 2018, e00070] <https://doi.org/10.1016/j.parepi.2018.e00070> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
2. "Circulation of dengue serotypes in the Union Territory of Dadra & Nagar Haveli (India)" [Parasite Epidemiology and Control, Volume 3, Issue 3, August 2018, e00069] <https://doi.org/10.1016/j.PAREPI.2018.e00069> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
3. "*Plasmodium falciparum* malaria cases detected for prompt treatment by rapid diagnostic tests in the Ho Teaching Hospital of the Volta Region of Ghana" [Parasite Epidemiology and Control, Volume 3, Issue 3, August 2018, e00072] <https://doi.org/10.1016/j.parepi.2018.e00072> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
4. "Isolation and identification of free-living amoeba from the hot springs and beaches of the Caspian Sea" [Parasite Epidemiology and Control, Volume 10, August 2020, e00151] <https://doi.org/10.1016/j.parepi.2020.e00151> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
5. "Viewpoint: Parasites and partnerships" [Parasite Epidemiology and Control, Volume 4, February 2019, e00086] <https://doi.org/10.1016/j.parepi.2019.e00086> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
6. "SMIM1 at a glance; discovery, genetic basis, recent progress and perspectives" [Parasite Epidemiology and Control, Volume 5, May 2019, e00101] <https://doi.org/10.1016/j.parepi.2019.e00101> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
7. "Knowledge and attitudes of Tunisian dog owners regarding leishmaniasis" [Parasite Epidemiology and Control, Volume 5, May 2019, e00098] <https://doi.org/10.1016/j.parepi.2019.e00098> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
8. "Taenia solium control in Zambia: The potholed road to success" [Parasite Epidemiology and Control, Volume 4, February 2019, e00082] <https://doi.org/10.1016/j.parepi.2018.e00082> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
9. "Prevalence of ectoparasite infestations in owned dogs in Kwara State, Nigeria" [Parasite Epidemiology and Control, Volume 4, February 2019, e00079] <https://doi.org/10.1016/j.parepi.2018.e00079> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
10. "Possible introduction of *Leishmania tropica* to urban areas determined by epidemiological and clinical profiles of patients with cutaneous leishmaniasis in Casablanca (Morocco)" [Parasite Epidemiology and Control, Volume 9, May 2020, e00129] <https://doi.org/10.1016/j.parepi.2019.e00129> Declaration of competing interest: The authors declare that they have no

known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

11. "Soil-transmitted helminth (STH) eggs contaminating soils in selected organic and conventional farms in the Philippines" [*Parasite Epidemiology and Control*, Volume 7, November 2019, e00119] <https://doi.org/10.1016/j.parepi.2019.e00119> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
12. "Molecular characterisation and taxon assemblage typing of giardiasis in primary school children living close to the shoreline of Lake Albert, Uganda" [*Parasite Epidemiology and Control*, Volume 4, February 2019, e00074] <https://doi.org/10.1016/j.parepi.2018.e00074> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
13. "Trypanosoma cruzi infection in domestic and synanthropic mammals such as potential risk of sylvatic transmission in a rural area from north of Antioquia, Colombia" [*Parasite Epidemiology and Control*, Volume 11, November 2020, e00171] <https://doi.org/10.1016/j.parepi.2020.e00171> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
14. "Assessing the potentials of two local topical ointments as affordable treatment against tungiasis infestation: A self-experimentation in Igbokoda, Nigeria" [*Parasite Epidemiology and Control*, Volume 11, November 2020, e00168] <https://doi.org/10.1016/j.parepi.2020.e00168> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
15. "Cystic echinococcosis in marketed offal of sheep in Basrah, Iraq: Abattoir-based survey and a probabilistic model estimation of the direct economic losses due to hydatid cyst" [*Parasite Epidemiology and Control*, Volume 3, Issue 1, February 2018, Pages 43–51] <https://doi.org/10.1016/j.parepi.2018.02.002> Declaration of competing interest: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
