Erratum

Erratum regarding missing Declaration of Competing Interest and funding statements in previously published articles

Declaration of Competing Interest or funding statements were not included in the published version of the following articles that appeared in previous issues of *Infection Prevention in Practice*.

The appropriate Declaration of Competing Interest and funding statements, provided by the Authors, are included below.

1. "The diagnosis and management of UTI in >65s: To dipstick or not? The argument against dipsticks" (*Infection Prevention in Practice* 2020; 2 (3): 100063) <https://doi.org/10.1016/j.infpip.2020.100063>
Funding: There has been no funding relevant to the publication of this manuscript.
2. "Systematic review of healthcare-associated *Burkholderia cepacia* complex outbreaks: presentation, causes and outbreak control" (*Infection Prevention in Practice* 2020; 2 (3): 100082) <https://doi.org/10.1016/j.infpip.2020.100082>
Declaration of competing interest and funding: None of the authors report any conflict of interest. No funding support was required for this study
3. "Two outbreaks of SARS-CoV-2 in department of surgery in a Wuhan hospital" (*Infection Prevention in Practice* 2020; 2 (3): 100065) <https://doi.org/10.1016/j.infpip.2020.100065>
Funding: This work was funded by the Medical Science Advancement Program of Wuhan University (TFLC2018002) to Dr Xinghuan Wang and the National Natural Science Foundation of China (81572902) to Dr Hengning Ke.
4. "Does size matter? The impact of a small but targeted cleaning training intervention within a paediatric ward" (*Infection Prevention in Practice* 2020; 2 (4): 100083) <https://doi.org/10.1016/j.infpip.2020.100083>
Declaration of competing interest: The authors have no conflicts of interest.
5. "Overview of risk factor and bacterial pattern in patient with surgical site infection after caesarean section in Cip-tomangunkusumo Hospital from 2016 to 2018" (*Infection Prevention in Practice* 2020; 2 (4): 100090) <https://doi.org/10.1016/j.infpip.2020.100090>
Funding: There is no financial support or sponsorship from a third party. The funding for this research is supported by the authors.
