**Correction to: Eur J Nucl Med Mol Imaging**  
<https://doi.org/10.1007/s00259-020-04758-2>

The authors regret to inform readers that the following error was detected in the original article. The values for entorhinal, limbic and neocortical SUVR were switched between SCD A $\beta$  + and A $\beta$ - in Table 1 and have now been corrected. Unnecessary symbols in Table 2 have been removed.
