### **To the Editor:**

Thank you for publishing our article titled "The effect of curative resection on fecal microbiota in patients with colorectal cancer: a prospective pilot study" in July issue of volume 99, 2020. In the original publication, we have missed the description for some of the acknowledgments and the grant information. We attached a corrigendum along with this letter to request for correction and apologize for any inconvenience caused by our carelessness.

We would like to correct Acknowledgments and Fund/Grant Support at the end of the article as follows.

### **ACKNOWLEDGEMENTS**

Special thanks to Hyun Yang Yeo, Ph.D. in Division of Precision Medicine, Research Institute, National Cancer Center for preparation and DNA extraction of fecal samples. Sequencing and bioinformatics analysis were carried out with the support of TheragenEtex Bio Institute. Graphical supports were performed by Biostatistics Collaboration Team, Research Institute, National Cancer Center.

### **Fund/Grant Support**

This study was supported by a grant (NCCDA2017-07, NCC-1710881, and NCC-1910212) from the National Cancer Center, Korea.

Sincerely,

Sung Sil Park
