An Online First version of this article was made available online at <https://link.springer.com/journal/40290/online-first> on 5 November 2020.

The original version of this article unfortunately contained a mistake.

In Section 9, Report Events and Concerns: The text that reads:

“Unnoticed errors will not be reported. Manufacturers are required to report errors to the FDA, but in the healthcare setting it is voluntary. Healthcare professionals should be encouraged to report both internally and externally.”

Should read:

“Unnoticed errors will not be reported. Healthcare professionals should be encouraged to report both internally and externally.”

The original article has been corrected.
