# Correction to: CONECT-6: a case-finding tool to identify patients with complex health needs

Catherine Hudon<sup>1\*</sup>, Mathieu Bisson<sup>1</sup>, Marie-France Dubois<sup>1</sup>, Yohann Chiu<sup>1</sup>, Maud-Christine Chouinard<sup>2</sup>, Nicole Dubuc<sup>1</sup>, Nicolas Elazhary<sup>1</sup>, Véronique Sabourin<sup>3</sup> and Alain Vanasse<sup>1</sup>

**Correction to: BMC Health Serv Res 21, 157 (2021)**  
<https://doi.org/10.1186/s12913-021-06154-4>

Following publication of the original article [1], the authors would like to make some changes.

1. The percentage of participants in the Results under the Abstract section needs to be corrected.

The sentence currently reads:

The positive and negative predictive values were 49 and 75% respectively.

The sentence should read:

The positive and negative predictive values were 49 and 95% respectively.

2. The AUC has disappeared from Figure 2 (ROC curve) due to a typesetting mistake. The correct Figure 2 is shown below:

**Fig. 2** ROC curve with 95 pct confidence interval

The original article can be found online at <https://doi.org/10.1186/s12913-021-06154-4>.
