Article title: A novel Fas-binding outer membrane protein and lipopolysaccharide of *Leptospira interrogans* induce macrophage apoptosis through the Fas/FasL-caspase-8/-3 pathway

Authors: Peng Du, Shi-Jun Li, David M. Ojcius, Kai-Xuan Li, Wei-Lin Hu, Xu'ai Lin, Ai-Hua Sun & Jie Yan

Journal: *Emerging Microbes & Infections*

Bibliometrics: Volume 7, Number 1, pages 1–17

DOI: [10.1038/s41426-018-0135-9](https://doi.org/10.1038/s41426-018-0135-9)

When this article was first published on 31 July 2018, Figure 2A contained identical panels. The authors confirmed that panel “THP-1 100 µg: Before treatment” was an accidental duplication of “J774A.1-200 µg: Before treatment.” The figure has been updated with the corrected panel.

The authors apologize for any inconvenience caused by this error.
