

CORRIGENDUM

## Trimethylamine N-Oxide, a Gut Microbiota-Dependent Metabolite, is Associated with Frailty in Older Adults with Cardiovascular Disease [Corrigendum]

He W, Luo Y, Liu JP, et al. *Clin Interv Aging*. The authors apologize for this error. 2020;15:1809–1820.

The authors have advised affiliation 2 on page 1809 is incorrect, the text "Peking Union Medical College" should read "Graduate School of Peking Union Medical College".

## Clinical Interventions in Aging

## Publish your work in this journal

Clinical Interventions in Aging is an international, peer-reviewed journal focusing on evidence-based reports on the value or lack thereof of treatments intended to prevent or delay the onset of maladaptive correlates of aging in human beings. This journal is indexed on PubMed Central, MedLine, CAS, Scopus and the Elsevier

Bibliographic databases. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit http://www.dovepress.com/testimonials.php to read real quotes from published authors.
