Retraction of “Enantioselective Organocatalytic Hantzsch Synthesis of Polyhydroquinolines”

Christopher G. Evans, Jason E. Gestwicki

The Editor and corresponding author retract this Letter because the research results are not reproducible. Whereas some level of asymmetric induction may have occurred, new research reports that no enantioselectivity was observed when attempting the same reaction (*Org. Lett.* **2021**, DOI: [10.1021/acs.orglett.1c00866](https://doi.org/10.1021/acs.orglett.1c00866)).

The original paper was published as an ASAP Letter on June 15, 2009, and retracted on April 27, 2021.
