

Corrigendum

Corrigendum to: Motivators and Barriers to Reducing Sedentary Behavior Among Overweight and Obese Older Adults

Mikael Anne Greenwood-Hickman, MPH,^{1,2} Anne Renz, MPH,¹ and Dori E. Rosenberg, PhD, MPH¹

¹Group Health Research Institute, Group Health Cooperative, Seattle, Washington. ²Department of Epidemiology, School of Public Health, University of Washington, Seattle.

In “Motivators and Barriers to Reducing Sedentary Behavior Among Overweight and Obese Older Adults” [*The Gerontologist*, Volume 56, Issue 4, August 2016, Pages 660–668, <https://doi.org/10.1093/geront/gnu163>], there was an error in the funding information. The correction is to change the funding statement to include the NIA funding informa-

tion to comply with the NIH public access policy. The original sentence: “Funding for this study was provided through a grant from the Group Health Research Institute.” has been changed to: “This work was supported by the National Heart, Lung, and Blood Institute grant K23 HL119352 and the National Institute of Aging grant R21 AG043853.”
