This Article contains an error in the Materials and Methods section, subheading “Expression of pectinase genes in specific insect tissue” where,

“We included Kozak sequences (RCCATGG) at the 3’ end of the forward primers and did not include the stop codon in the reverse primers.”

should read:

“We included Kozak sequences (RCCATGG) at the 5’ end of the forward primers and did not include the stop codon in the reverse primers.”
