# Retraction on “Dihydromyricetin attenuates inflammation through TLR4/NF-kappa B pathway”

<https://doi.org/10.1515/med-2021-0331>  
received July 13, 2021; accepted July 14, 2021

This article has been retracted, as there is high risk that it presents images that have been manipulated, which suggests that the results could be fabricated.

**Retraction on:** Nianshui Jing, Xinnan Li. Dihydromyricetin attenuates inflammation through TLR4/NF-kappa B pathway. Open Med. 14(1). doi: 10.1515/med-2019-0083.
