

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

Corrections

Correction to Lancet Infect Dis 2021; published online Jan 20. https://doi. org/10.1016/S1473-3099(20)30990-7

Pallett SC, Jones R, Randell P, Davies GW, Moore LSP. Structured serological testing is an essential component to investigating SARS-CoV-2 reinfection. Lancet Infect Dis 2021; published online Jan 20. https://doi.org/10.1016/ S1473-3099(20)30990-7—This Correspondence was published without copyright information. This correction has been made to the online version as of Feb 15, 2021, and will be made to the printed version.

Correction to Lancet Infect Dis 2020; published online Feb 16. https://doi.org/10.1016/ S1473-3099(20)30784-2

Hoenigl M, Salmanton-García J, Walsh TJ, et al. Global guideline for the diagnosis and management of rare mould infections: an initiative of the European Confederation of Medical Mycology in cooperation with the International Society for Human and Animal Mycology and the American Society for Microbiology. Lancet Infect Dis 2021; published online Feb 16. https://doi.org/10.1016/S1473-3099(20)30784-2—In figure 3A of this Article, the arrows pointing toward the yellow treatment box have been corrected. This correction has been made to the online version as of Feb 23, 2021, and will be made to the printed Comment.

Correction to *Lancet Infect Dis* 2021; online Feb 3. https://doi. org/10.1016/S1473-3099(21)00043-8

Norton A, Olliaro P, Sigfrid L, et al. Long COVID: tackling a multifaceted condition requires a multidisciplinary approach. Lancet Infect Dis 2021; published online Feb 3. https://doi.org/10.1016/ S1473-3099(21)00043-8—In this Correspondence, Giuseppe Paparella (Nuffield Department of Medicine, University of Oxford, Oxford, UK) should have been listed as an author. This correction has been made to the online version as of Feb 16, 2021, and will be made to the printed version.

Correction to Lancet Infect Dis 2021; published online Feb 8. https://doi.org/10.1016/ S1473-3099(21)00078-5

Alam I, Radovanovic A, Incitti R, et al. CovMT: an interactive SARS-CoV-2 mutation tracker, with a focus on critical variants. Lancet Infect Dis 2021; published online Feb 8. https://doi.org/10.1016/ S1473-3099(21)00078-5-In this Correspondence, the second sentence of the third paragraph should be "As of the end of January, 2021, the spread of N501Y, B.1.1.7 variants has been detected in SARS-CoV-2 isolate genomes from nearly 60 additional countries using CovMT (appendix)." This correction has been made to the online version as of March 1, 2021, and will be made to the printed version.

Correction to Lancet Infect Dis 2021; published online Jan 21. https://doi. org/10.1016/S1473-3099(20)30942-7

Ella R, Vadrevu KM, Jogdand H, et al. Safety and immunogenicity of an inactivated SARS-CoV-2 vaccine, BBV152: a double-blind, randomised, phase 1 trial. Lancet Infect Dis 2021; published online Jan 21. https://doi.org/10.1016/S1473-3099(20)30942-7-In this Article, the Role of the funding source has been updated to "The funder of the study had no role in data collection, data analysis, data interpretation, or writing of the statistical report, but was involved in study design. Data cleaning and analysis was conducted by a third party contract research organisation (Sclin Soft Technologies). Masked laboratory assessments were done at the respective laboratories and masked data sheets were sent to the contract research organisation for decoding and analysis. The unmasked randomisation list was not shared with the sponsor. All authors had full access to masked data in the study and had final responsibility for the decision to submit for publication". This correction has been made to the online version as of Feb 23, 2021, and will be made to the printed Article.

Correction to Lancet Infect Dis 2020; 20: e149–158

Foeller ME, do Valle CCR, Foeller TM, Oladapo OT, Roos E, Thorson AE. Pregnancy and breastfeeding in the context of Ebola. Lancet Infect Dis 2020; **20:** e149–158—The appendix of this Review has been corrected as of March 1, 2021.
