Correction to: De Economist
<https://doi.org/10.1007/s10645-021-09389-y>

In the original publication of the article, the data in Figs. 1 and 2 were published incorrectly. The corrected figures are given in below.

Additionally, in the online version there is an appendix that contains Table 3, which is not in pdf format. Rows 1 and 2 therein (“Unique visitors” and “Sales per order”) should be removed. The original article has been corrected.

The original article can be found online at <https://doi.org/10.1007/s10645-021-09389-y>.
