Correction: Identification of an N6-methyladenosine-mediated positive feedback loop that promotes Epstein-Barr virus infection

<https://doi.org/10.1016/j.jbc.2021.101226>

Dan-Ling Dai, Xingyang Li, Lin Wang, Chu Xie, Yanan Jin, Mu-Sheng Zeng, Zhixiang Zuo, and Tian-Liang Xia

The data points for Figure 4f were incorrect in the original version of this article. The $t_{1/2}$ and p values were calculated with the data points shown in the updated figure and remain the same. The results and conclusions are not changed. The authors apologize for this mistake.
