Corrigendum to

Ju Y, Geng Y, Wang X, Gong J, Zhu J, Gao W. Endothelial Progenitor Cells Attenuate Ventilator-Induced Lung Injury with Large-Volume Ventilation. *Cell Transplantation*. December 2019:1674-1685. doi:10.1177/0963689719874048

In the above-referenced article, please find the correct versions of Figures 1, 2, 4, 5, and 6. Errors were made when initially uploading the figures that were not caught by the authors before publication, resulting in incorrect panels in Figures 1D, 2D, 4A, 5C and 6C & B. The correct figures have been uploaded. The changes are not listed in full detail due to the limited significance.

These errors do not affect the overall results of the study.
