We discovered an error in equation 1. The  $R_s$  is divided by the  $V_{PUF}$  and the  $K_{PUF}$  within the parentheses. The results of the paper are not affected by this change as the division was accidentally omitted in the review process.

Correct version of eq. 1:

$$V_{eff} = (V_{PUF}K_{PUF}) \left[ 1 - e^{-\left(\frac{R_s}{V_{PUF}K_{PUF}}\right)t} \right]$$
