

Expression of Concern: Hsa-miR-425-5p promotes tumor growth and metastasis by activating the CTNND1-mediated β -catenin pathway and EMT in colorectal cancer

We, the Publisher and Editor of *Cell Cycle*, are issuing an Expression of Concern for the following article:

Dingsheng Liu, Hong Zhang, Mingming Cui, Chunsheng Chen & Yong Feng (2020) Hsa-miR-425-5p promotes tumor growth and metastasis by activating the CTNND1-mediated β -catenin pathway and EMT in colorectal cancer, *Cell Cycle*, 19:15, 1917-1927, DOI: [10.1080/15384101.2020.1783058](https://doi.org/10.1080/15384101.2020.1783058)

After publication of this article, concerns were raised about the scientific integrity of the article. We have reached out to the authors requesting that they supply information that would confirm the article's integrity, but the authors have not responded to our queries within the requested timeframe. Therefore, as we continue to work through the issues raised, we advise readers to interpret the information presented in the article with due caution.

The authors have been notified about this Expression of Concern.
