<https://doi.org/10.1186/s13063-020-04616-4>

Following the publication of the original article [1], we were notified of the below corrections:

- 1- In the Intervention and Comparator section, Phosphate is erroneously mentioned.
- 2- In the Participants section, “Participants of any gender or age group having tested positive” should read “Participants of either gender above 18 years of age”.
