(Molecular Therapy: Nucleic Acids 19, 853–864; March 2020)

This article has been retracted at the request of the editors of *Molecular Therapy – Nucleic Acids*.

After concerns were raised by a third party, evidence for image duplication in identical or altered fashion in Figure 6 was identified. This reuse (and in part, misrepresentation) of data without appropriate attribution represents a severe abuse of the scientific publishing system. The corresponding author did not respond when contacted about the retraction.
