This article has been retracted at the request of the editors.

Molecular Therapy – Oncolytics is retracting this article. After investigating concerns of image duplication raised by a reader, evidence for image duplication in identical or altered fashion in Figures 1A, 1E, 3A, 3C, 4C, and 4G was identified. This reuse (and in part, misrepresentation) of data without appropriate attribution represents a severe abuse of the scientific publishing system.
