(Molecular Therapy: Nucleic Acids 16 130–140; June 2019)

This article has been retracted at the request of the editors of *Molecular Therapy – Nucleic Acids*.

In investigating concerns of data fabrication in conjunction with a paper mill raised by a reader, evidence for image duplication in identical or altered fashion in Figures S8A and S8B was identified. This reuse (and in part, misrepresentation) of data without appropriate attribution represents a severe abuse of the scientific publishing system. The authors did not respond when contacted about the retraction.
