

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

Correction

Duvvuri A, Chandrasekar VT, Srinivasan S, et al. Risk of Colorectal Cancer and Cancer Related Mortality After Detection of Low-risk or High-risk Adenomas, Compared With No Adenoma, at Index Colonoscopy: A Systematic Review and Meta-analysis. *Gastroenterology* 2021;160:1986–1996.e3.

In the above article, the affiliations for Prof. Alessandro Repici were incorrectly stated. The correct affiliations should read as follows: Department of Biomedical Sciences, Humanitas University, Rozzano, Milan, Italy; and Endoscopy Unit, Humanitas Clinical and Research Center IRCCS, Rozzano, Milan, Italy.
