

Corrigendum to: Palpitations in a young male: a case of dual node physiology unmasked by 'junctional' ectopics, *European Heart Journal - Case Reports*, Volume 6, Issue 4, April 2022, ytac136, <https://doi.org/10.1093/ehjcr/ytac136>

In the originally approved published version of this manuscript, the statement:

'His electrocardiogram on admission is shown in *Figure 1*, which showed normal-sized chambers with normal wall motion and preserved ejection fraction'.

Should have read:

'His electrocardiogram on admission is shown in *Figure 1*. Echocardiogram done showed normal-sized chambers with normal wall motion and preserved ejection fraction'.

This error has been corrected (online).
