Correction to: Relationship Between Coronary Atheroma Epicardial Adipose Tissue Inflammation, and Adipocyte Differentiation Across the Human Myocardial Bridge

In the article by McLaughlin et al, “Relationship Between Coronary Atheroma Epicardial Adipose Tissue Inflammation, and Adipocyte Differentiation Across the Human Myocardial Bridge” which published online November 2, 2021 (*J Am Heart Assoc.* 2021;10:e021003. DOI: 10.1161/JAHA.121.021003) and was included in the November 16, 2021 issue of the journal, a correction was needed.

In Figure 2, lower part, second graph from left, the ordinate showed Bridge MCP1 Instead of Bridge IL-6. This has now been corrected.

The authors regret the error.

The online version of the article has been updated and is available here: <https://www.ahajournals.org/doi/10.1161/JAHA.121.021003>.
