

The Subjective and Objective Improvement of Non-Invasive Treatment of Schumann Resonance in Insomnia—A Randomized and Double-Blinded Study [Corrigendum]

Huang YS, Tang I, Chin WC, et al. *Nat Sci Sleep*. 2022;14:1113–1124.

The authors have advised that on page 1115, first sentence in the Schumann Resonance Sleep Device/Placebo Device section, “Professor Ling-Sheng Zhang” should read “Professor Ling-Sheng Jang”.

The authors apologize for this error.

Publish your work in this journal

Nature and Science of Sleep is an international, peer-reviewed, open access journal covering all aspects of sleep science and sleep medicine, including the neurophysiology and functions of sleep, the genetics of sleep, sleep and society, biological rhythms, dreaming, sleep disorders and therapy, and strategies to optimize healthy sleep. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
