Published: 29 June 2022

This is a correction to: Dennis J Sholler, C. Austin Zamarripa, Tory R Spindle, Erin L Martin, David Kuntz, Ryan Vandrey, Megan Grabenauer, Urinary Excretion Profile of Cannabinoid Analytes Following Acute Administration of Oral and Vaporized Cannabis in Infrequent Cannabis Users, *Journal of Analytical Toxicology*, 2022; bkac042, <https://doi.org/10.1093/jat/bkac042>.

In the originally published version of this manuscript figures 1 and 2 were incorrectly swapped and attached to the wrong figure captions. Figure 1 should have represented “Oral Administration” and Figure 2 should have represented “Vaporized Administration”.

This error has been corrected online and in print.
