

## Correction

# Correction to: Survival and associated comorbidities in inclusion body myositis

This is a correction to: Elie Naddaf, Shahr Shelly, Jay Mandrekar, Alanna M Chamberlain, E Matthew Hoffman, Floranne C Ernste, Teerin Liewluck, Survival and associated comorbidities in inclusion body myositis, *Rheumatology*, 2021, keab716, <https://doi.org/10.1093/rheumatology/keab716>

In the originally published version of this manuscript, the colour references in the legend referring to Figure 1B were swapped, and an asterisk denoting significance was omitted which should follow “8 (2.7)” in Table 2, row “hematologic malignancies”.

These errors have been corrected.
