

# Retraction for Lau et al., “Coexistence of Different Genotypes in the Same Bat and Serological Characterization of *Rousettus* Bat Coronavirus HKU9 Belonging to a Novel *Betacoronavirus* Subgroup”

Susanna K. P. Lau, Rosana W. S. Poon, Beatrice H. L. Wong, Ming Wang, Yi Huang, Huifang Xu, Rongtong Guo, Kenneth S. M. Li, Kai Gao, Kwok-Hung Chan, Bo-Jian Zheng, Patrick C. Y. Woo, Kwok-Yung Yuen

Volume 84, no. 21, p. 11385–11394, 2010, <https://doi.org/10.1128/JVI.01121-10>. We have been alerted that some Western blot strips in Fig. 3A are more similar than expected upon retrospective inspection under magnification, and we immediately informed the journal. Since 12 years have passed since publication, an investigation with original research materials is impossible. Therefore, we now retract this paper.
