The original article contained incorrect contact details for the corresponding author. The correct details are provided here.

In Section 3.4, the uppercase *P* indicating the significance for Cochran’s *Q* test should be a lowercase *p*. This sentence should read as follows: Neither Cochran’s *Q* test ( $p = 0.360$ ) nor the  $I^2$  statistic (9%) indicated the presence of heterogeneity among these studies.

**Conflicts of interest:** The authors have nothing to disclose.
