The above article published online on 10 November 2015 in Wiley Online Library (wileyonlinelibrary.com) has been retracted by agreement between the authors, the journal's Editor-in-Chief Miguel De La Rosa, FEBS Press, and John Wiley and Sons Ltd. The retraction has been agreed upon following an investigation based on allegations raised by a third party, which revealed that some images in this article are inappropriate duplications of images from a previously published article [1]. Thus, the editors consider the conclusions of this manuscript substantially compromised.
