

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

Correction to *Lancet Public Health* 2022; 7: e657–69

GBD 2019 Adolescent Transport and Unintentional Injuries Collaborators. *Adolescent transport and unintentional injuries: a systematic analysis using the Global Burden of Disease Study 2019*. *Lancet Public Health* 2022; 7: e657–69—In this Article, in table 2, the deaths from foreign bodies percentage change in number of adolescents, 1990–2019 (95% UI) should have read –2.8% (–13.0 to 7.1), the Contributors and Declaration of interests have been corrected, and the appendix (author list and affiliation details) has been corrected. These corrections have been made as of Nov 30, 2022.
