Correction to: Older adults can use technology: why healthcare professionals must overcome ageism in digital health

This is a correction to: Ryan A Mace, Meghan K Mattos, Ana-Maria Vranceanu, Older adults can use technology: why healthcare professionals must overcome ageism in digital health, *Translational Behavioral Medicine*, 2022;, ibac070, <https://doi.org/10.1093/tbm/ibac070>

The originally published version of this manuscript was an earlier draft version that did not incorporate the author's

proof changes, including the names of two initiatives that were initially blinded for review (“SHUTi OASIS” and “Active Brains”).

The correct version has now been published. The publisher would like to apologize for this error.
